

D&A Certified Recovery Specialist (Field Based)

CLASSIFICATION: Field Based
D&A Certified Recovery Specialist
FLSA STATUS: Non-Exempt

DEPARTMENT: Case Management
EMPLOYMENT STATUS: Part-time/Casual
HOURS OF WORK: Up to 18.75 Hours/Week

OVERALL OBJECTIVE OF JOB

This position is responsible for providing D/A Recovery Specialist services to an assigned caseload of individuals with substance abuse or addiction related issues, or co-occurring substance abuse and mental illness in need of outreach, mentoring, and peer support and guidance, at all stages of the recovery process. A D/A Recovery Specialist assists consumers, in a target population of 18 years of age or older, in recovery and enhancing wellness by offering ongoing supports and assistance thus promoting and encouraging long term recovery. A D/A Recovery Specialist offers resource information and referral and will work closely with participants before, during, and after their treatment experiences to support and encourage them in their recovery, to promote understanding and successful navigation of the service system, and to promote linkage and connection to other service and support systems such as educational opportunities, public services, employment and vocational skills, etc. Overall objective of the position is to assist participants in achieving and maintaining stability in their recovery and reducing the need for more intensive and restrictive levels of treatment care.

This position will be part of a collaborative team that includes the individual, a Field Based D/A Case Manager and either a local D/A Outpatient or Methadone Maintenance Therapist. This team will meet regularly to identify potential individuals in need of case management and recovery specialist services, and to coordinate ongoing services to individuals active in the program. This coordination will include level of care determination discussions, collaboration of service/treatment planning, and clear role identification of objectives to promote success and avoid duplication.

Recovery Specialist services should supplement and extend the therapeutic and recovery process. The service is a non-clinical support service designed to promote wellness in individuals initiating and maintaining long term recovery from substance abuse disorders. Work involves assisting individuals in self-identifying personal goals for recovery, assisting individuals in determining the steps to reach their recovery goals, and promoting empowerment and self-sufficiency.
